

The new Leadchair represents the DNA in design by Walter Knoll: modernity that remains timeless, constant development of upholstery expertise, the transparency of function. Healthy sitting thanks to the synchronised mechanism. The supportive effect of the back can be set individually, whether as an executive chair, a conference chair or a visitor chair. For that ergonomic comfort of modern leadership culture.

Base/Armrests

Executive chair:

Executive chair with height adjustment mechanism, 5-star swivel base with castors, armrests with leather cushion, three back heights.

Frame and armrests:

Highly polished Aluminium or powder-coated black matt (for surcharge).

Frame also available in matt powder-coated bronze on request.

Seat and back with leather upholstery.

The armrest cushion matches the seat and back cover.

The leather cushion is replaceable.

Armrest height of executive chair: 68-77 cm.

Synchro mechanism for weight adjustment.

Tension can be adjusted with tension dial. Lockable in front position.

Seamless height adjustability from seat height 43 to 52 cm with gas cylinder mechanism.

Conference and visitors chairs:

Conference and visitors chairs with swivel column, 4-star base with glides or 5-star base with castors. Available with or without armrests with leather cushion, three back heights.

Highly polished Aluminium or powder-coated black matt (for surcharge).

Frame also available in matt powder-coated bronze on request.

Seat and back with leather upholstery.

The armrest cushion matches the seat and back cover. The leather cushion is replaceable.

Armrest height of conference and visitors chairs: 70 cm.

Synchronised mechanism for weight adjustment.

Tension can be adjusted with tension dial.

Lockable in front position.

Chairs with 4-star bases are also available with return mechanism for surcharge (*not possible for chairs with height adjustment*).

For conference chairs with height adjustment please refer to the executive chair.

Upholstery

Seat and back with shaped foam.

Cover and foam with connecting interliner.

LEADCHAIR EXECUTIVE.

Contract only

Glides/Castors

Glides: teflon glides for stone and carpet floors, felt glides for wooden floors.
Castors: twin-wheeled swivel castors with load-dependent breaking allow optimal rolling drag.
Hard castors for soft floors, soft castors for hard floors.

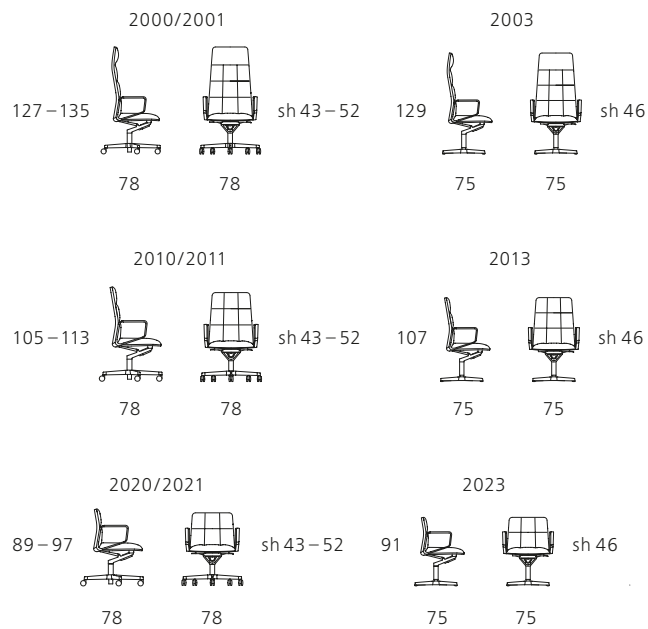

Notice

Leadchair executive chairs are marked with the GS-certificate for tested safety.

Leadchair executive chairs are only available in Walter Knoll Leather.
