

Modern minimalism. Leadchair Management is the swivel chair that suits modern working and conferencing. A strong character, appropriate and enduring. Innovative upholstery craftsmanship and meticulous metal finishing based on experience: the design of lines and surfaces reveals the true elegance of the range. The cover for seat and back is applied directly to the foam-moulded upholstery. The base seems of a piece. All components and lines are precisely defined to create a harmonious whole. Transparent and: the function of the synchronised mechanism. Comfortable sitting for sustained performance.

Product description

Modell no.

Base/Armrests

Swivel chair:

Swivel chair with height adjustment mechanism, 5-star swivel base with castors, armrests with leather cushion, three back heights.

Frame and armrests in highly polished Aluminium or powder-coated black matt (for surcharge). Seat and back with leather upholstery and select fabric covers.

For leather covers the armrest cushion matches the seat and back cover.

For fabric covers the armrest cushion is in leather Congress black.

The arm cushion is replaceable.

Armrest height of swivel chair: 66-75 cm. Synchro mechanism for weight adjustment. Tension can be adjusted with tension dial. Lockable in front position. Seamless height adjustability from seat height 42.5 to 51.5 cm with gas cylinder mechanism. The seat depth is 44 cm.

Conference and visitors chairs:

Conference and visitors chairs with swivel column, 4-star base with glides or 5-star base with castors. Available in three back heights.

Frame and armrests in highly polished Aluminium or powder-coated black matt (for surcharge).

Armrest height of conference and visitors chairs: 68.5 cm.

Synchro mechanism for weight adjustment. Tension can be adjusted with tension dial. Lockable in front position.

Chairs with 4-star bases are also available with return mechanism for surcharge (*not possible for chairs with height adjustment*). For conference chairs with height adjustment please refer to the swivel chair.

Upholstery

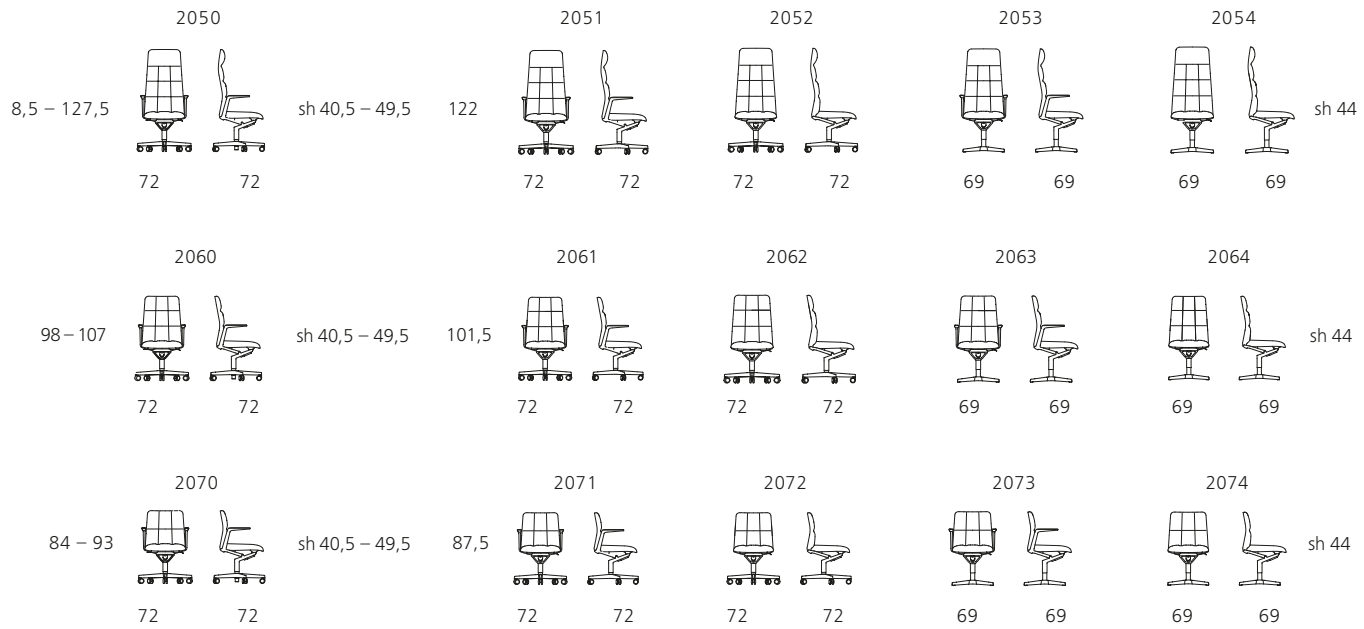

Seat and back with shaped foam.

Glides/Castors

Glides: teflon glides for stone and carpet floors, felt glides for wooden floors.

Castors: twin-wheeled swivel castors with load-dependent braking allow optimal rolling drag. Hard castors for soft floors, soft castors for hard floors.
